PROJECTS

Personal Portfolio Website

HTML, CSS, JAVASCRIPT

- A personal portfolio website is a professional website that provides information about what you do, what services you may offer, and how to contact you or your company.
- Portfolio websites are an easy way to promote yourself, your brand, or your business.

Online Book Store Website

HTML, CSS, JAVASCRIPT

- The main objective of the Online Book Store is to manage the details of Books, Customer, Payment, Delivery, Bills. It manages all the information about Stock, Bills, Books.
- Online Book store is an online web application where the customer can purchase books online. Through a web browser the customers can search for a book by its title or author, later can add to the shopping cart and finally purchase using credit card transaction.

Digital Clock

HTML, CSS, JAVASCRIPT

- Clocks can be used in sites where time is the main concern like some booking sites or some app showing arriving times of train, buses, flights, etc.
- The approach is to use the date object to get time on every second and then re-rendering time on the browser using the new time that we got by calling the same function each second.

TECHNICAL SKILLS

- C/C++
- HTML
- CSS
- JAVASCRIPT
- MySQL
